

# Stubbington Medical Practice

Your local GP Surgery: a guide for  
patients

# Welcome

Our mission is to provide sustainable, good quality, safe, people-centred primary care services to our patients, and temporary residents, in our locality. To do so we tailor patient services to population types, focus resources where they are most needed, co-ordinate with related services and listen to our patients and staff, monitor need and performance.

Charly Maisy	Practice & HRT Nurse
Hannah Freemantle	Practice Nurse
Amanda Luff	Healthcare Assistance (HCA)
Sue Berry	Healthcare Assistance (HCA)
Lis Smith	Healthcare Assistance (HCA)
Karen Bull	Healthcare Assistance (HCA)

# Appointments

Our Care Navigation Team will need to ask you a little about the nature of your enquiry to guide you to the best person.

## Sudden illness

Our urgent care team specialise in on-the-day appointments for when you are unexpectedly unwell. Our Urgent Care Team comprises of Advanced Nurse Practitioners and Urgent Care Sisters, who are senior health care professionals with additional training, qualifications and experience allowing them to undertake tasks once performed by Doctors. They are experienced at taking a patient history, assessing symptoms, making a diagnosis and instigating treatment or referrals as required. A duty doctor also works along side the urgent care team daily.

## Routine GP appointment

The purpose of routine appointments is for general health queries, diagnoses, and monitoring of conditions (also known as non-urgent appointments). Routine appointments last for 15 minutes and can be booked by completing an eConsult or calling the practice between 8am-3pm.

## On-going medical concerns

Annual or regular check-ups with our Nursing team are really important, especially for our patients with chronic diseases. Annual reviews for Asthma, CHD, COPD, Diabetes, Mental Health and Stroke patients will be invited by birth month by text message or letter.

We have limited GP advance appointments, if the GP would like you to have a follow-up appointment, the Care Navigators will be in touch to arrange this with you.

## Home Visits

Home Visits are specifically for patients who are too ill or infirm to attend the Surgery. Please come in to the surgery if you can as we have the equipment to better assess your clinical needs here. The surgery is not able to assist with public transport or child care issues.

## Making the most of Consultations

It is important to be as frank and open as you can. You may find it helpful to prepare some notes to bring with you to discuss during your appointment.

# NHS Services

## Nurse/HCA Clinics

- ◆ Annual Reviews (Chronic diseases)
- ◆ Suture Removal & Dressings
- ◆ Wound Checks & Dressings
- ◆ Leg Ulcer Checks & Dressings
- ◆ Cervical Smears
- ◆ Flu/COVID Immunisation
- ◆ Childhood/Young Person Immunisation

- ◆ minor scalds and burns
- ◆ skin infections and rashes
- ◆ eye problems
- ◆ high temperature in child and adults
- ◆ stomach pain
- ◆ being sick (vomiting) and diarrhoea

**Closest Minor Injury Unit— Gosport War Memorial Hospital, Gosport, PO12 3PW**

**St Mary's, Portsmouth, PO3 6DW**

## Caring Together

Providing the highest quality care that can be delivered within the limited available resources means we need your support and understanding too. You can help by managing minor illnesses yourself, by making sure you follow treatment instructions and attend appointments, or cancel them in advance.

Treatments and services will not always be provided by a GP, or your usual GP, but those performing these services will have the relevant knowledge and skills to do so safely. In this way we can focus our GPs to support you when you have complex needs.

All staff should wear a name badge, be polite to you and people close to you, and treat you with dignity and respect. You should also be polite and show respect to the team.

Instances of violence or aggression are rare. However, a patient being violent or aggressive will be reported to the police and ultimately removed from our list of patients.

## Prescriptions

Please allow 5 working days' notice for your prescription request to be processed and sent directly to your nominated pharmacy.

Repeat prescriptions will be issued at the doctor's discretion and are normally for patients on long-term treatment.

Requests for prescriptions can be made by:

- ♦ using your online access account if you have one or you can download the by the NHS app (visit [www.nhs.uk/nhsapp](http://www.nhs.uk/nhsapp))
- ♦ using the online form on the practice website
- ♦ by phone: 01329 664231, choosing option 3 to speak to our prescriptions team, lines open from 10am-1pm & 2pm-5pm

## THINK PHARMACY FIRST

PHARMACISTS CAN GIVE YOU EXPERT ADVICE ON MEDICINES AND HOW THEY WORK. YOU CAN TALK TO THEM IN A PRIVATE CONSULTATION AREA ABOUT:

- ♦ SINUSITIS
- ♦ SORE THROAT
- ♦ EARACHE
- ♦ INFECTED INSECT BITES
- ♦ IMPETIGO
- ♦ SHINGLES
- ♦ UNCOMPLICATED URINARY TRACT INFECTION IN WOMEN
- ♦ COUGHS & COLDS
- ♦ MINOR CUTS AND BRUISES
- ♦ CONSTIPATION/DIARRHOEA
- ♦ HAY FEVER AND ALLERGIES
- ♦ HAEMORRHOIDS (PILES)
- ♦ THRUSH
- ♦ WARTS AND VERRUCAS
- ♦ MOUTH ULCER COLD SORE
- ♦ ACHES AND PAINS

# Working Together

**Feedback from patients is important to our efforts to continually improve services.**

The Practice has a Patient Participation Group (PPG) which is a group of volunteers who regularly meet with the practice staff to discuss issues affecting the patients and surgery.

## **The purpose of the PPG is:-**

- ◆ To contribute to Practice decision making, service development and provision.
- ◆ To assist the Practice with the promotion of good healthcare.
- ◆ To facilitate the communication of information to patients about the community which may affect their healthcare.
- ◆ To influence as far as may be practical the provision of secondary healthcare and local social care.
- ◆ To provide feedback to the Practice on patients' needs, concerns and medical interests.
- ◆ To assist the Practice and patients by publishing voluntary support groups active within the community.
- ◆ If you are interested in joining the group and receive emails from [ppg.stubbington@gmail.com](mailto:ppg.stubbington@gmail.com), please complete this form on our website.

## **Suggestions, Concerns or Complaints**

Your suggestions and concerns are important to us. These can be emailed to [hiowicb-hsi.stubbington-admin@nhs.net](mailto:hiowicb-hsi.stubbington-admin@nhs.net), posted or call us. Equally, if you have been happy with the consultation or service you receive, please tell us or leave a review at

If you have a formal complaint please follow the procedure in our Complaints Leaflet available from reception or our complaints procedure can viewed on our website. The managers and lead GP for complaints do their best to respond to your concerns, investigate the circumstances and help the practice to learn from these experiences.

Send your complaint to:  
[hiowicb-hsi.stubbington-admin@nhs.net](mailto:hiowicb-hsi.stubbington-admin@nhs.net) or Stubbington Medical Practice,  
Park Lane, Stubbington, Hampshire, PO14 2JP

Feedback on our performance is important. Feedback is given across a number of methods: Friends and Family Test (surveys are sent via text 24 hours after an appointment at the practice or on our website), NHS choices website and our own surveys. We use this feedback to inform our planning, our processes and our communication.

## Patient Privacy and Data Protection

We will ask you for information to enable us to give you the best health care and treatment. We then keep this information, together with details of your care, because it may be needed when we see you again. Some of this we will need to share with others concerned with your care. Everyone working for the NHS has a legal duty to keep information about you confidential; anyone who receives information from us is also under a legal duty to keep it confidential.

If you would like to know more about how we use your patient information, please refer to our Patient Privacy Notice on our website, email [hiowicb-hsi.stubbington-admin@nhs.net](mailto:hiowicb-hsi.stubbington-admin@nhs.net) or ask at the practice.

## Primary Care Network

All GP practices - including ours - are working together in 'Primary Care Networks' (PCNs), to share their expertise and resources over wider geographical area.

The NHS's Long Term Plan, published in January 2019, aims to integrate a lot of services which have traditionally worked separately - like mental health services, physiotherapy and social care. By working together in a PCN, practices like ours can offer you a wider range of services than we can on our own, and give you much faster and more efficient access to the right care and support.

Within the Hampshire and IOW Integrated Care Board, PCNs will deliver personal care valued by patients and GPs, and allow better collaboration between us and other practices. Locally, our PCN details are as follows:

**PCN Title: Coastal PCN**

**Practices: Stubbington Practice, Brook Lane Surgery & Lockswood Surgery**

**Clinical Lead: Dr Ros Sexton**

**Managing Lead: Paula Pearce**

**PCN Website: [www.fg-coastalpcn.co.uk](http://www.fg-coastalpcn.co.uk)**

Our PCN has a number of different teams including a pharmacy team, social prescribers, home visiting team, well being team and care co-ordinators.

Patients can be referred to different PCN teams by practice staff. You can see our practice website for more information on each of the teams.

## Surgery Opening Times

Monday	8am-6pm
Tuesday	7:30am-6pm
Wednesday	7:30am-6pm
Thursday	7:30am-6pm
Friday	8am-6pm
